SUBJECT INDEX

Air quality
Environmental Linkages between Urban Form and Municipal Solid Waste Management Infrastructure, Tony Di Nino and Brian W. Baetz, UP Sept. 96, p83-100.

Analytical techniques
Forecasting House Rental Levels: Analytical Rent Model versus Neural Network, Heng Li and Vera Li, UP Dec. 96, p118-127.

Australia
Forecasting House Rental Levels: Analytical Rent Model versus Neural Network, Heng Li and Vera Li, UP Dec. 96, p118-127.

Building design
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.

Buildings, hotels
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.

Community development
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Computer applications
Consensus Building Model to Select CASIS in Small Communities, Steven W. McCrary, Colin O. Benjamin and Vijay E. Ambavanekar, UP June 96, p46-70.

Construction
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.

Corporations
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Damage assessment
Comprehensive Evaluation Method on Earthquake Damage Using Fuzzy Theory, Bo Song, S. Hao, Suminao Murakami and Satoru Sadohara, UP Mar. 96, p1-17.

Decision making
Multijurisdictional Project Evaluation in Chattanooga Urban Area, Catherine L. Ross and W. Jeffrey Davis, UP June 96, p71-81.

Decision support systems
Consensus Building Model to Select CASIS in Small Communities, Steven W. McCrary, Colin O. Benjamin and Vijay E. Ambavanekar, UP June 96, p46-70.

Drainage
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Earthquake damage
Comprehensive Evaluation Method on Earthquake Damage Using Fuzzy Theory, Bo Song, S. Hao, Suminao Murakami and Satoru Sadohara, UP Mar. 96, p1-17.

Economic development
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Emissions
Environmental Linkages between Urban Form and Municipal Solid Waste Management Infrastructure, Tony Di Nino and Brian W. Baetz, UP Sept. 96, p83-100.

Environmental factors
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.

Environmental impacts
Environmental Linkages between Urban Form and Municipal Solid Waste Management Infrastructure, Tony Di Nino and Brian W. Baetz, UP Sept. 96, p83-100.

Environmental quality
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Evaluation
Comprehensive Evaluation Method on Earthquake Damage Using Fuzzy Theory, Bo Song, S. Hao, Suminao Murakami and Satoru Sadohara, UP Mar. 96, p1-17.

Expert systems
Consensus Building Model to Select CASIS in Small Communities, Steven W. McCrary, Colin O. Benjamin and Vijay E. Ambavanekar, UP June 96, p46-70.

Flood plain planning
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Forecasting
Forecasting House Rental Levels: Analytical Rent Model versus Neural Network, Heng Li and Vera Li, UP Dec. 96, p118-127.

Funding allocations
Multijurisdictional Project Evaluation in Chattanooga Urban Area, Catherine L. Ross and W. Jeffrey Davis, UP June 96, p71-81.

Fuzzy sets
Comprehensive Evaluation Method on Earthquake Damage Using Fuzzy Theory, Bo Song, S. Hao, Suminao Murakami and Satoru Sadohara, UP Mar. 96, p1-17.

Geographic information systems
Consensus Building Model to Select CASIS in Small Communities, Steven W. McCrary, Colin O. Benjamin and Vijay E. Ambavanekar, UP June 96, p46-70.

Government policies
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Housing
Forecasting House Rental Levels: Analytical Rent Model versus Neural Network, Heng Li and Vera Li, UP Dec. 96, p118-127.

Industrial parks
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Infrastructure
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Multiple purpose structures
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Municipal wastes
Environmental Linkages between Urban Form and Municipal Solid Waste Management Infrastructure, Tony Di Nino and Brian W. Baetz, UP Sept. 96, p83-100.

Natural resources
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Neural networks
Forecasting House Rental Levels: Analytical Rent Model versus Neural Network, Heng Li and Vera Li, UP Dec. 96, p118-127.

Partnerships
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Planning
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Priorities
Multijurisdictional Project Evaluation in Chattanooga Urban Area, Catherine L. Ross and W. Jeffrey Davis, UP June 96, p71-81.

Professional role
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Project evaluation
Multijurisdictional Project Evaluation in Chattanooga Urban Area, Catherine L. Ross and W. Jeffrey Davis, UP June 96, p71-81.

Regional planning
Consensus Building Model to Select CASIS in Small Communities, Steven W. McCrary, Colin O. Benjamin and Vijay E. Ambavanekar, UP June 96, p46-70.

Renewable resources
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Rental
Forecasting House Rental Levels: Analytical Rent Model versus Neural Network, Heng Li and Vera Li, UP Dec. 96, p118-127.

Research needs
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Resource management
Infrastructure Planning and Sustainable Development, David W. Wright, UP Dec. 96, p111-117.

Site investigation
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.

Social impact
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Solid waste management
Environmental Linkages between Urban Form and Municipal Solid Waste Management Infrastructure, Tony Di Nino and Brian W. Baetz, UP Sept. 96, p83-100.

Stormwater management
Integrating Drainage, Water Quality, Wetlands, and Habitat in a Planned Community Development, Michael R. Galuzzi and John M. Pflaum, UP Sept. 96, p101-108.

Structural failures
Comprehensive Evaluation Method on Earthquake Damage Using Fuzzy Theory, Bo Song, S. Hao, Suminao Murakami and Satoru Sadohara, UP Mar. 96, p1-17.

Transportation planning
Multijurisdictional Project Evaluation in Chattanooga Urban Area, Catherine L. Ross and W. Jeffrey Davis, UP June 96, p71-81.

Universities
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Urban areas
Comprehensive Evaluation Method on Earthquake Damage Using Fuzzy Theory, Bo Song, S. Hao, Suminao Murakami and Satoru Sadohara, UP Mar. 96, p1-17.

Environmental Linkages between Urban Form and Municipal Solid Waste Management Infrastructure, Tony Di Nino and Brian W. Baetz, UP Sept. 96, p83-100.

Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Urban development
Urban Knowledge Parks and Economic and Social Development Strategies, George Bugliarello, UP June 96, p33-45.

Vegetation
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.

Wind
Environmental Assessment of a Site for Civil Construction, S. M. Govorushko, UP Mar. 96, p18-31.
